

Dice Decks

KW

DICE DECKS are interactive task cards that make learning fun! Have a student roll a die. If the die lands on a 1 or a 4, task A will be completed. If it lands on a 2 or a 5, task B will be completed. If it lands on a 3 or a 6, task C will be completed. Engaging, effective, & fun!

All DICE DECKS come with data sheets. And, many come with answer keys and student response sheets as well. 30 interactive task cards x 3 tasks each = 90 opportunities to practice this skill!

How to assemble:

- Print out 5 copies of the page below.
- Place these 5 copies back into the printer.
- Print the 5 task card pages (the goal is to have the front and back of each card in the same orientation).
- For maximum durability, print on card-stock and laminate.

The Elementary SLP

When Kelly Workman started her first elementary SLP position, she felt like she was constantly drowning. She wanted to provide effective therapy for her students, but didn't feel like she had the resources or the time to do so. She created The Elementary SLP so other elementary SLPs wouldn't have to struggle the way she did. Theelementaryslp.com is a place for elementary SLPs to find informative content and engaging materials to help them gain confidence in their therapy skills, reduce their stress, and to find encouragement on their elementary SLP journey.
