

RMS
Morning/Afternoon Homework Room
2019-2020

RMS is proud to offer morning homework room from 7:00-7:20 AM and afternoon homework room from 2:25-4:00 PM. These are supportive programs that provide structure and assistance that may, at times, be unavailable to students at home. It can also function as a prescribed study time for a student who is not demonstrating a responsible approach to completing required homework in a timely fashion. **Homework Room is not designed to provide before or after-care; it is not a detention hall; nor can it replace the importance of parental supervision of homework.**

Morning homework room begins on the first day of school, Thursday, September 5, 2019 from 7:00-7:20 AM and runs Monday-Friday. After-school Homework Room operates Monday-Thursday, as long as a full day of school has preceded the scheduled session. This year, afternoon homework room will be scheduled from **2:25pm until 4:00pm and will begin Monday, September 16.**

Students may choose to attend Homework Room for any portion of its operating hours. Students often find that the quiet, supervised work time is adequate to complete or nearly complete their assigned homework, leaving them more free time for their families, friends and outside activities. Some students feel they are better able to concentrate on assignments in the Homework Room than at home, where distractions may abound. Additionally, teammates who are collaborating on a 'group project', find that Homework Room serves as a perfect meeting place.

Students must have **parental permission** to attend either Homework Room. By completing the form in *Genesis*, you are agreeing to allow your child to attend the morning/afternoon homework rooms, as needed. **To ensure student safety, PARENTS (or designated responsible ADULTS) must sign their children out of the Homework Room in person.** If you need to reach the homework room, please dial 908-534-2195, extension 3209.
