

Day 4

Social Studies – Research one of the states in the U.S. Be sure to find out the colors of the flag, population, state symbols, nickname, and any other important information. Write a song to describe your country.

Language Arts – Write directions on a piece of paper explaining how to do something you love. Examples include: How to throw a curve ball or how to make a bagel pizza. Be sure to include illustrations to show some of the steps.

Science – Go Green! Create your own litter bug using recyclable items. You may use glue or tape to connect the pieces. You may not use any new items in the creation of your litter bug.

Math – Create 6 figures each containing a different number of lines of symmetry. Make sure that any lines are created using a straightedge.
