NJ Department of Health NJDOH COVID Update

The NJDOH recommends that any child with COVID-19 compatible symptoms should not return to school until they have either received a negative viral test (molecular or antigen) for SARS-CoV-2 or they have completed an isolation period of at least 10 days since symptom onset and at least 24 hours after resolution of fever without fever-reducing medications with symptom improvement. A purely clinical alternative diagnosis is no longer acceptable.

Hunterdon County/Free At-Home COVID Testing

Hunterdon County is offering free at-home COVID-19 testing for those who work or reside in Hunterdon County. Please refer to this link for more details: <https://hunterdoncares.org/>

NJ COVID-19 Vaccine Pre-Registration

The state has developed a registration system for the vaccine for all New Jersey residents to pre-register for the vaccine. New Jersey will roll out COVID-19 vaccines in a phased approach to all adults who live, work, or are being educated in the state. Currently, the state is vaccinating those designated as phase 1A - healthcare workers and long-term care residents. Phase 1B will begin with law enforcement personnel and fire professionals. Phase 1B will also include teachers/educators. If you wish to learn more, please visit the [COVID Vaccine page](#) on the Information Hub.

COVID NJ Alert

COVID Alert NJ is New Jersey's free and secure mobile app that anonymously alerts users if they have been in close contact with someone who has tested positive for COVID-19. Please [click here](#) to access detailed information. Please [click here](#) to access the App download steps.

NJDOE Virtual Instruction Toolkit

The New Jersey Department of Education has recently developed a toolkit for families. As virtual instruction is playing a major role in schools throughout the state, the DOE provided this toolkit as a resource for families, students, and teachers to adjust to virtual learning:
