March 13, 2024

Dear Parents,

One of the most challenging jobs we have is placing children in classes for the coming school year. We take this task seriously and consider many variables when making each decision. For instance, we consider each child's personality and how he or she interacts with other students. We also try to establish balanced academic groups, while addressing programmatic needs. In addition, we consider the relative compatibility of the student and teacher. Our goal is to provide the best learning environment possible for your child.

We appreciate your understanding of the importance of this decision. We also hope you understand that complying with parental placement requests makes this process much more difficult and often interferes with the goals and objectives that we have established for individual students in next year's classes. Therefore, it is district policy not to accept requests for specific teachers.

However, if you wish to share your child's learning style and educational needs, please do so in writing to the Main Office by **Wednesday, May 1st**. Requests to have or not have specific teachers cannot be honored.

You will be able to access your child's placement for the 2024-2025 school year when the welcoming information is emailed to you in late August. We appreciate your cooperation and contribution in this important process.

Sincerely,

Ann T. DeRosa, Ed.D.
Principal
