

Notification of the Use of Pesticides

(This notice should be received at least 72 hours prior to pesticide use)

Date Issued: August 16, 2019

To: Parents/guardians of students, and staff of Holland Brook School

From: The School IPM Coordinator: Donald Race, Facilities Manager Phone Number: 908-534-2859

This notice is to advise you that the following pesticides will be used at Holland Brook School:

Pesticide Common Name Insecticide Dust	Pesticide Trade Name TEMPO 1% Dust Insecticide Ready to Use	EPA Registration Number 432-1373
Pesticide Common Name	Pesticide Trade Name	EPA Registration Number

Location of the pesticide application: Multiple locations on the exterior and surrounding areas of the building

Reason for the pesticide application: Yellow jackets entering the building and office space. We have staff with severe allergies to bee stings

If an indoor application, the date and time it is planned:

DATE _____ TIME _____

If an outdoor application, 3 dates must be listed, in chronological order, on which the outdoor application may take place if the preceding date is canceled; and the time the application is scheduled to occur.

DATE / TIME August 20, 2019-8 am-3pm DATE / TIME August 21, 2019- 8 am-3 pm DATE / TIME August 22, 2019-8 am-3 pm

Description of the possible adverse effects of the pesticides as per the Material Safety Data Sheets for the pesticides to be used, if available:

Exposure route: inhalation, eye contact, skin absorption, Ingestion. Moderate eye irritation. Can cause irritation to the skin resulting in a burning or tingling sensation. Harmful if swallowed, may cause upper respiratory tract irritation.

Pesticide product label instructions and precautions related to Public Safety.

If inhaled, move to fresh air, if person not breathing call 911. If skin contact, take off contaminated clothes, and wash skin with water for 15 minutes. Eye contact, flush eyes with water for 15-20 minutes. If ingested, call poison control center, rinse mouth out with water, DO NOT induce vomiting unless directed. Seek medical attention in all exposures

Note: as required by law, we are advising you of the following statement:

The Office of Pesticide Programs of the United States Environmental Protection Agency has stated:

“Where possible, persons who potentially are sensitive, such as pregnant women, infants, and children, should avoid any unnecessary pesticide exposure.”

REMEMBER: Whenever a non-low impact pesticide is used on school property there is also a Restricted Entry Interval (REI) that begins when the pesticide application ends. This Restricted Entry Interval last for seven hours unless the product label uses NUMERIC LANGUAGE, e.g., 4hours or 12 hours; directing a longer or shorter period of time. If the product label does not discuss Restricted Entry the period of time defaults to seven (7) hours.
