### District Mission Statement

We empower members of our community to lead purposeful lives with integrity, to cultivate a spirit of discovery, and to embrace connections in our diverse, global society.

### 2020-2025 Strategic Goals

**Inquisitive Learning:** Create and establish an inquiry-based framework that values an interest-driven learning environment. Learners will, individually and collaboratively, focus on identifying, analyzing, and solving problems as inquisitive members of their community.

**Social Awareness:** Our learners will feel connected, valued, and secure in a learning environment cultivated by a shared sense of community. Every individual will develop skills that promote an awareness of self and others, including the ability to understand the impact of their decisions.

**Partnerships:** Establish partnerships that foster meaningful educational opportunities on local, regional, and global scales. Prepare all learners to become engaged and productive citizens through service to others, collaboration, and real-world connections.
