Please join us!

The purpose of the forum is for community members to have an opportunity to respond to specific prompts about the future of our children's learning and the strength of our schools. The ideas and recommendations from these forums will fuel the goal-setting process.

Strategic Planning Survey

The next phase of the process includes gathering further input from Readington parents and community members. Our consultant has developed the following surveys for parents and community members to complete.

- **Survey for Community Members** – For Readington residents that do not have children enrolled in district schools.
- **Survey for Parents of Elementary PreK-5 students**
- **Survey for Parents of Middle School Grades 6-8 students**

We strongly encourage you to take the surveys by visiting our district website: www.readington.k12.nj.us
