

Changing Your HomeLogic Password

To change your HomeLogic password, login to the system and select “Preferences” on the left sidebar.

Select “Change Password”. A new pop up window will appear

Enter your Old Password in a top box, then a new password in the middle box. Finally confirm your new password by entering it into the last box. Select the change password button to complete the process.

The image shows a screenshot of a web browser window titled "Change Password - Windows In...". The address bar displays the URL "http://logic.hcrhs.k12.nj.us/hxe/PasswordRepl". The main content area has a blue header with the text "Please enter your current password and the new password twice." Below this, there are three input fields: "Old Password:" with six dots, "New Password:" with seven dots, and "New Password again:" with seven dots. At the bottom of the form are two buttons: "Change Password" and "Cancel". The browser's status bar at the bottom shows "Internet | Protected Mode" and a zoom level of "100%".

If you are unable to access your homelogic account, please email homelogic@readington.k12.nj.us for further assistance.
