INTRODUCTION

This handbook has been prepared to enhance communication between parents, student/athletes, coaches and school administrators. Parents and athletes are asked to familiarize themselves with the contents of this handbook. Any concerns or questions should be directed to the Vice Principal's office at **534-2113 ext. 3814**. Questions regarding specific sports should be directed to the coach of the team.

At the start of each season, a parent/coaches meeting may be held. This is an important meeting and all parents/guardians will have the opportunity to meet with their son/daughter's coach and discuss items relative to their program.

We strongly encourage parents/guardians to demonstrate their support for their son/daughter by attending as many athletic contests as possible.

The purpose of our athletic program is to provide the student/athlete with an opportunity to compete while cooperating with teammates and coaches, and to exhibit traits of self discipline, responsible decision-making, and social and intellectual growth. The development of good citizenship and the ability to enhance positive social values are also desired outcomes from our athletic programs.

Athletic participation is filled with a great many challenges. Winning is everyone's goal, but striving to win is the most important goal. Parents can make a big difference in the success of the athletic program by encouraging their student/athletes and by supporting their coaches, as well as, the official's decisions during game/event time.

The Readington Middle School Athletic Program is held in high regard by the community and the communities of the opponents we play. Athletes are expected to uphold this tradition by exhibiting the highest level of competition and sportsmanship. RMS athletes are noted for their dedication to their sport, their intense competitiveness and their respect for opponents and officials. We welcome you to the Readington Middle School Athletic Family!

LETTER TO PARENTS

The role of the parent in the education of a youngster is important. The support shown in the home is often manifested in the ability of the student to accept the opportunities presented at school in the classroom and through co-curricular activities.

A student's involvement in the classroom and other activities contributes to the development of a value system which has been established in the home. Integrity, fairness and respect are life-time values taught through athletics. These are the principles of good sportsmanship. With them, the spirit of competition thrives, fueled by honest rivalry, courteous relations and graceful acceptance of the results.

A good sport, student or parent, is a true leader in the community. As a parent of a student at our school, your sportsmanship goals should include:

- To realize that athletics are part of the educational experience and the benefits of involvement go beyond the final score of a game;
- To encourage our students to perform their best, just as you would urge them on with their class work;
- To participate in positive cheers that encourage your student and to discourage any cheers that would redirect that focus, including those that taunt and intimidate opponents, their fans and officials;
- To learn and understand the rules of the game and to respect the officials;
- To respect the task our coaches face as teachers and to support them as they strive to educate our youth;
- To respect our opponents and acknowledge their efforts;
- To develop a sense of dignity under all circumstances.

These and other expectations are included in the attached guidelines, which we hope you will take a few moments to review. They provide a roadmap to follow on a journey toward a more educational atmosphere for interscholastic athletics.

You can have major influence on your student's attitude about academics and athletics. The leadership role you assume in sportsmanship will influence your child for years to come.

We look forward to serving you in the year ahead, and appreciate your continued support.

GUIDELINES FOR PARENTS

PARENT/COACH RELATIONSHIP

Both parenting and coaching are extremely difficult vocations. By establishing an understanding of each position, we are better able to understand the actions of the other and provide a greater benefit to the children. As parents, when your children become involved in our program, you have the right to understand what is expected of your child. This process begins with clear communication from your child's coach.

COMMUNICATIONS YOU CAN EXPECT FROM YOUR CHILD'S COACH

- Philosophy of the coach.
- Expectations and goals the coach has set for your child and the team.
- Location and times of all practices and games. You can also check/visit www.cnjconference.org
- Team requirements, special equipment, and conditioning program.
- Procedure if your child is injured during participation.
- Team rules, guidelines and consequences for infractions.
- Team selection process.

COMMUNICATION COACHES CAN EXPECT FROM ATHLETES /PARENTS

- Concerns expressed directly to the coach.
- Notification of any schedule conflicts in advance.
- Notification of illness or injury as soon as possible.

As your child becomes involved in the programs at RMS, he or she will experience some of the most rewarding moments of his/her life. It is important to understand that there also may be times when things may not go the way you and your child wish. At these times, discussion with the coach is encouraged. It is the first and most integral step to understanding and resolution.

APPROPRIATE CONCERNS TO DISCUSS WITH THE COACH

It is sometimes difficult to accept your child not playing as much as you might hope. Coaches make decisions based on what they believe to be best for all student-athletes involved. As you have seen from the list above certain things can be and should be discussed with the coach. Other things, such as those listed below, must be left to the discretion of the coach. Always have your child talk to the coach first prior to you attempting to talk to the coach.

There is no guaranteed playing time

There are situations that may require a conference between the coach and the player or coach and parent. It is important that all parties involved have a clear understanding of the other person's position. When a conference is necessary, the following procedure should be used to help resolve any concern.

- Please call the coach to set up an appointment.
- If the coach cannot be reached, please call the Vice Principal, he will set up the meeting for you.
- Please do not attempt to confront a coach before or after a contest or practice, this is not an appropriate time.

THE NEXT STEP

If the meeting with the coach does not provide a satisfactory resolution, parents should set up an appointment with the Athletic Director (**534-2113 ext. 3804**), to discuss the situation.

STUDENT/ATHLETE PARTICIPATION

Participation in athletic sports and all activities in Readington Middle School is a privilege which carries with it certain responsibilities. A student is a representative of the school and the entire community. There are certain basic standards expected of our participants in athletics.

- All students who represent Readington Middle School on a team are expected to conduct themselves in such a manner as to reflect excellent credit upon our school.
- All students must remember they are students of the school first and participants second. Participation in athletics is a privilege granted to a student, not a right guaranteed to them.
- Being a member of a team does not entitle any student to any special privileges in the school. Rather, it may carry a burden of being a good citizen in the face of peer pressure to become involved in some action which might violate school rules. Our athletes are expected to set examples of good school citizenship and cooperation which will reflect upon them as individuals and upon all of our athletes in general.
- Students afforded these privileges must assume the responsibilities which accompany them at all times.

RMS Interscholastic Team Rules for Players and Parents

1. The coaching staff in each sport determines who will become a member of that team. All students who tryout for a team may not be selected for that team.
2. In order to participate in an athletic event, a student must arrive at school **no later than 11:05 a.m.**
3. A student who does not become a member of a team may not try out for another team.
4. Student athletes must meet eligibility standards in order to participate throughout the season. One failing grade in any subject will cause a student to become ineligible until the situation is corrected.
5. Student athletes must change into appropriate attire and participate in Physical Education classes in order to participate that day in their sport. Any student who does not take Physical Education that day may not participate in practice or a game for that day.
6. A Student may be removed from a team for unacceptable behavior.

8. Parents may take their child home from an away event after speaking to the coach. Students going home with someone other than a parent must have written permission from the parent to do so and must sign the board next to the old gym.
9. Coaches will dismiss athletes promptly from practices. Please be prompt in picking up your child.
10. Coaches are required to stay until their last player has been picked up.
11. Pickup times for games vary. Please be at the school at the time given on the cnjconference.org
12. All valuables must be kept in the students' hall locker, not in the locker room.
13. Students and parents are reminded that there is no guaranteed playing time for any individual member of a team.
14. Students must be present for tryouts at **3/5** days in order to be considered for an athletic team. It will give each coach ample time to evaluate each player.
15. Students must return their uniforms in good condition at the end of their season.

Attendance and Discipline Guidelines

Each head coach will ensure that his/her student athletes understand the following policies, which apply to *every* member of an RMS athletic team.

Suspension

During the time of a suspension, in-school or out-of-school, a student is barred from participation in athletic events.

Detention

A student athlete who has central office detention *may not* participate in athletic events on the day of the detention once the detention is concluded; however, such participation is at the discretion of the coach.

School Attendance

In order to participate in an athletic event, a student must arrive at school **no later than 11:05 a.m.** Students who leave school during the day's session for a doctor's appointment may return to school and participate in that day's athletic activity.

HAZING

Hazing is a form of harassment and will not be tolerated. It is the right of every student in the district to be free from the humiliation and danger of school affiliated hazing. Students who participate in the district's extra-curricular and/or co-curricular activities should not plan, encourage or engage in hazing. This policy applies to the behavior of students that are participating in these activities that occur on or off school property, during and after school hours, and/or any school sanctioned activity.

Hazing is defined as a "willful act occurring on or off school property, directed against a player or prospective member of a school sponsored team or activity, that endangers the mental or physical health or safety of a player or member of an activity for the purpose of initiation, admission into, or continued membership on any such team or activity."

Consequences for hazing violations may range from individual suspension from participation in the athletic program or activity for a period of time, to cancellation of an athletic schedule or activity depending on the magnitude of the incident and number of people involved.

Consequences for hazing violations brought to the attention of the administration after the season may be applied to subsequent athletic participation and/or loss of athletic awards.

***The RMS Administration will determine consequences.
Apparent permission or consent by a person being hazed
does not lessen the prohibitions contained in this policy.***

RMS Athletic Department

Eligibility

The process is as follows:

- A student who fails **one** subject area per marking period may be deemed ineligible to participate on an athletic team
- The teacher is to notify the RMS vice principal in writing before making a student *ineligible* to participate.
- The student will be *ineligible* only when the coach has received written notification from the vice principal.
- The student remains *ineligible* until the coach receives written notification from the vice principal indicating the student is passing.
- The student will become eligible as soon as he/she is passing.
- The student may become eligible at the beginning of a new marking period if all work has been completed to the satisfaction of the teacher.
- The vice principal will distribute an eligibility list at the beginning of each session.

Team Size

Cutting is avoided whenever possible. At times it becomes impossible to accommodate each student who wants to participate in a particular program. In such cases, the vice principal will be informed of the plans and intentions of the coach, in advance, along with the method used to reduce the squad. As soon as it becomes apparent the reduction in squad size will be inevitable, the coach will inform all candidates of the procedures that will be used. When decisions are made candidates will be informed. Lists will not be posted. A candidate may request a private conference to go over the reasons he/she did not make the team.

Athletic Policy on Attendance: Clubs/Rehearsals

The Readington Middle School Athletic Program recognizes the diverse needs and interests of student athletes throughout the various athletic seasons. The expectation is that student athletes maintain appropriate communication with their coaches, music directors, and club advisors, especially regarding scheduled practices, rehearsals, and meetings. In the event of overlapping after-school activities, the following policy applies:

Sports Practice Days: The student athletes report to their music rehearsal for the full time (until 3:45pm) and then attend practice afterward.

Home Games: The student athletes report to their music rehearsal until 3pm and then join their team.

Away Games: The student athletes report directly to their team to board the bus.

Tryouts: The student athletes will report directly to team tryouts during the entirety of the tryout period.

The Athlete's Pledge

Individual and team success in sports result from commitment. The extent to which young athletes are able to make such a commitment reflects their maturity, as well as their dedication to family, friends, school, and team.

I wish to be a member of the **RMS** interscholastic _____ team. I understand that I must meet all eligibility requirements to participate.

As an athlete in Readington Middle School, I promise to:

- Maintain my health and fitness levels.
- Reflect the knowledge that commitment to success is nothing without the commitment to hard work in practice.
- Attend every practice unless excused by the coach.
- Understand that my future as a responsible adult, relates more to my academic than my athletic activities.

Parent's Pledge

Cooperation among coaches, athletes, parents and school personnel is essential if students are to realize the values of athletic participation. Thank you for your time, support, and cooperation.

As a parent of a student athlete in the Readington Middle School I pledge to:

- Work closely with all school personnel to assure an appropriate academic as well as athletic experience for my child while he/she is at the Readington Middle School.
- Assure that my child attends all scheduled practices, games, and meets.
- Acknowledge the ultimate authority of the coach to determine player selection, playing time, and strategy.
