Asbestos Management Services
Additional Services Proposal**

Architectural/Engineering Services

Dear Jason:

Thank you for the opportunity to provide an add services proposal for Hazardous material testing and abatement documents for the above referenced project. As you know, all hazardous material must be tested prior to bidding and abated as part of the base bid general construction contract. Settembrino Architects will engage Partner Engineering and Science, Inc. to complete all ACM (Asbestos Containing Material) testing and abatement documents for inclusion into the final bid documents.

Our fixed fee to complete these services is \$19,500 plus reimbursable expenses.

Thank you once again for this opportunity for Settembrino Architects to be part of the success of the Readington Township Public School District. Please do not hesitate to call me either at the office or on my cell phone at 201-788-7417. We look forward to hearing from you shortly.

Sincerely,

Kevin M. Settembrino, AIA, LEED AP
Principal
