OUR LENSE: THE FUTURE!

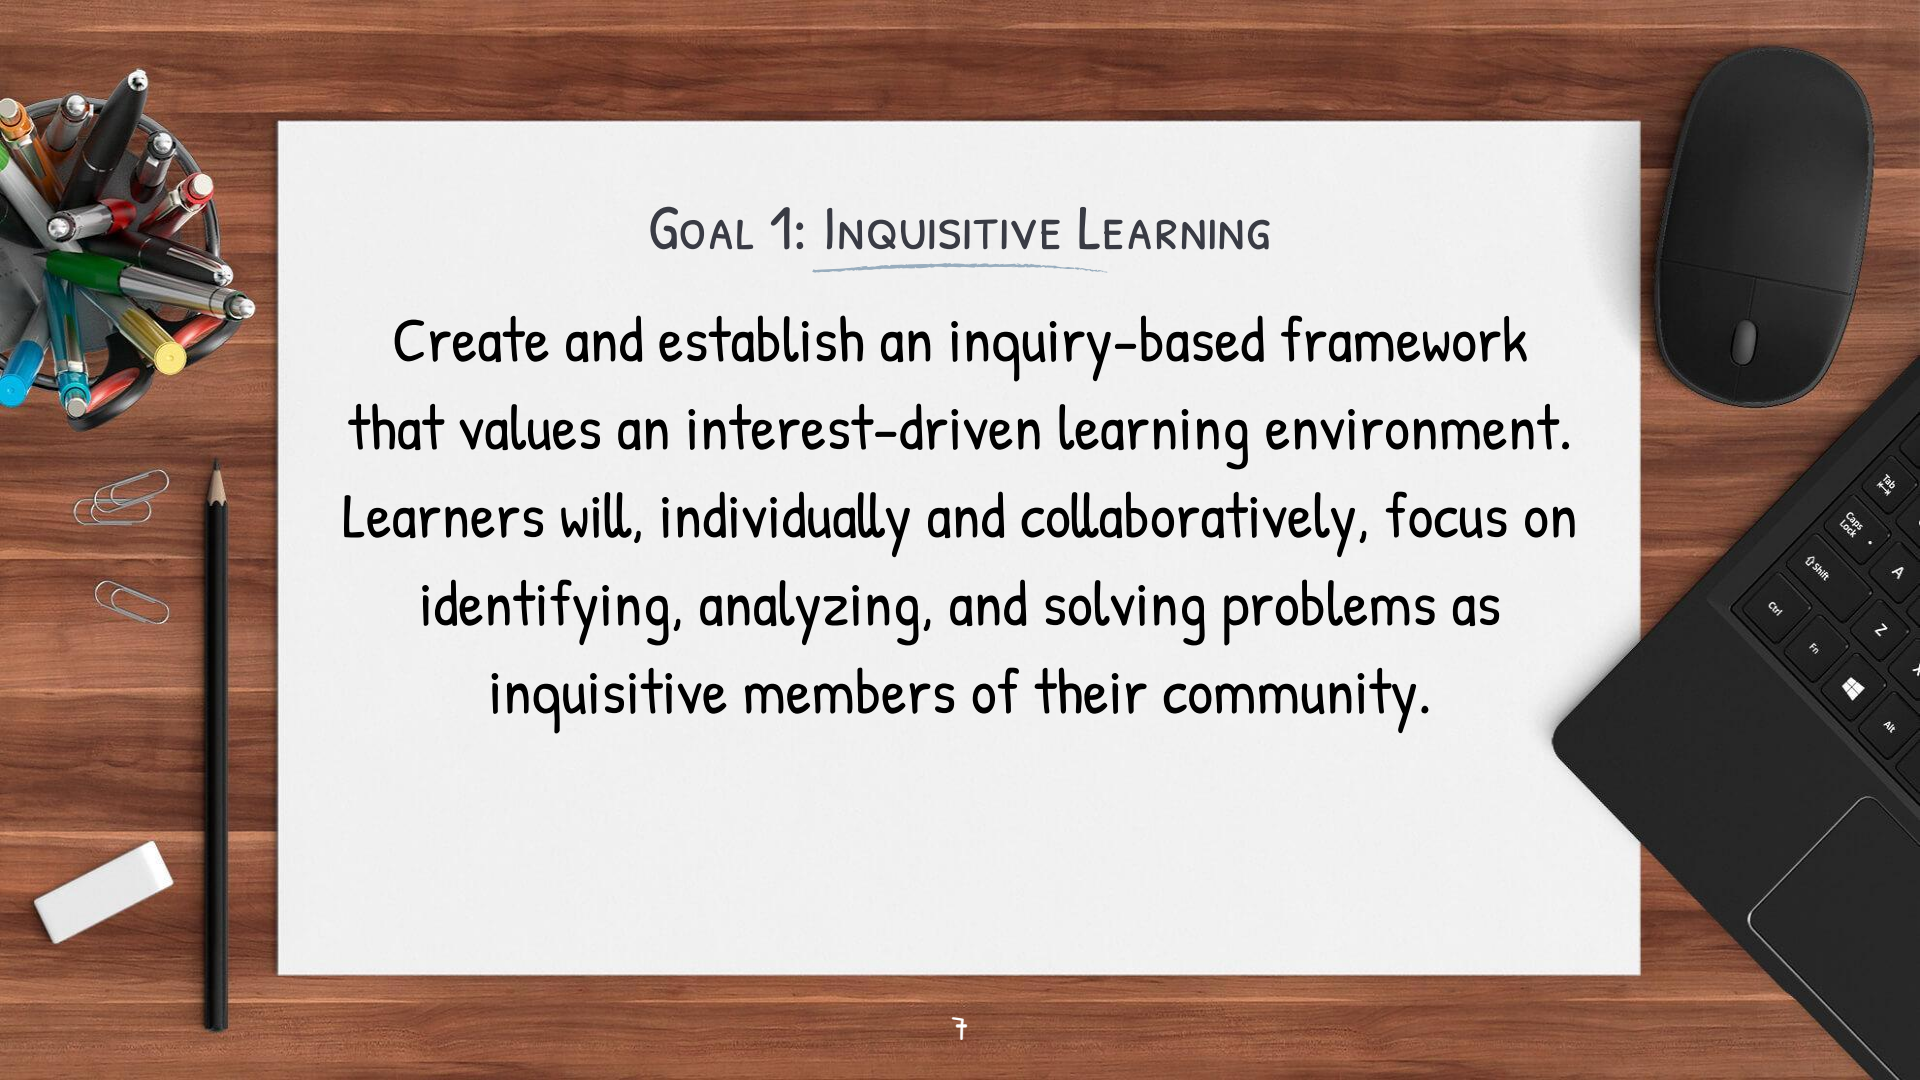

OUR TASK: A MISSION AND GOALS

1. To develop a mission statement that values who we are as a district but also sets a vision for the future.
2. To develop 3-4 strategic goals that we believe are 1) a priority for the district, and 2) will stretch us to prepare our students for the future beyond Readington
3. A tag line (still working on this!)

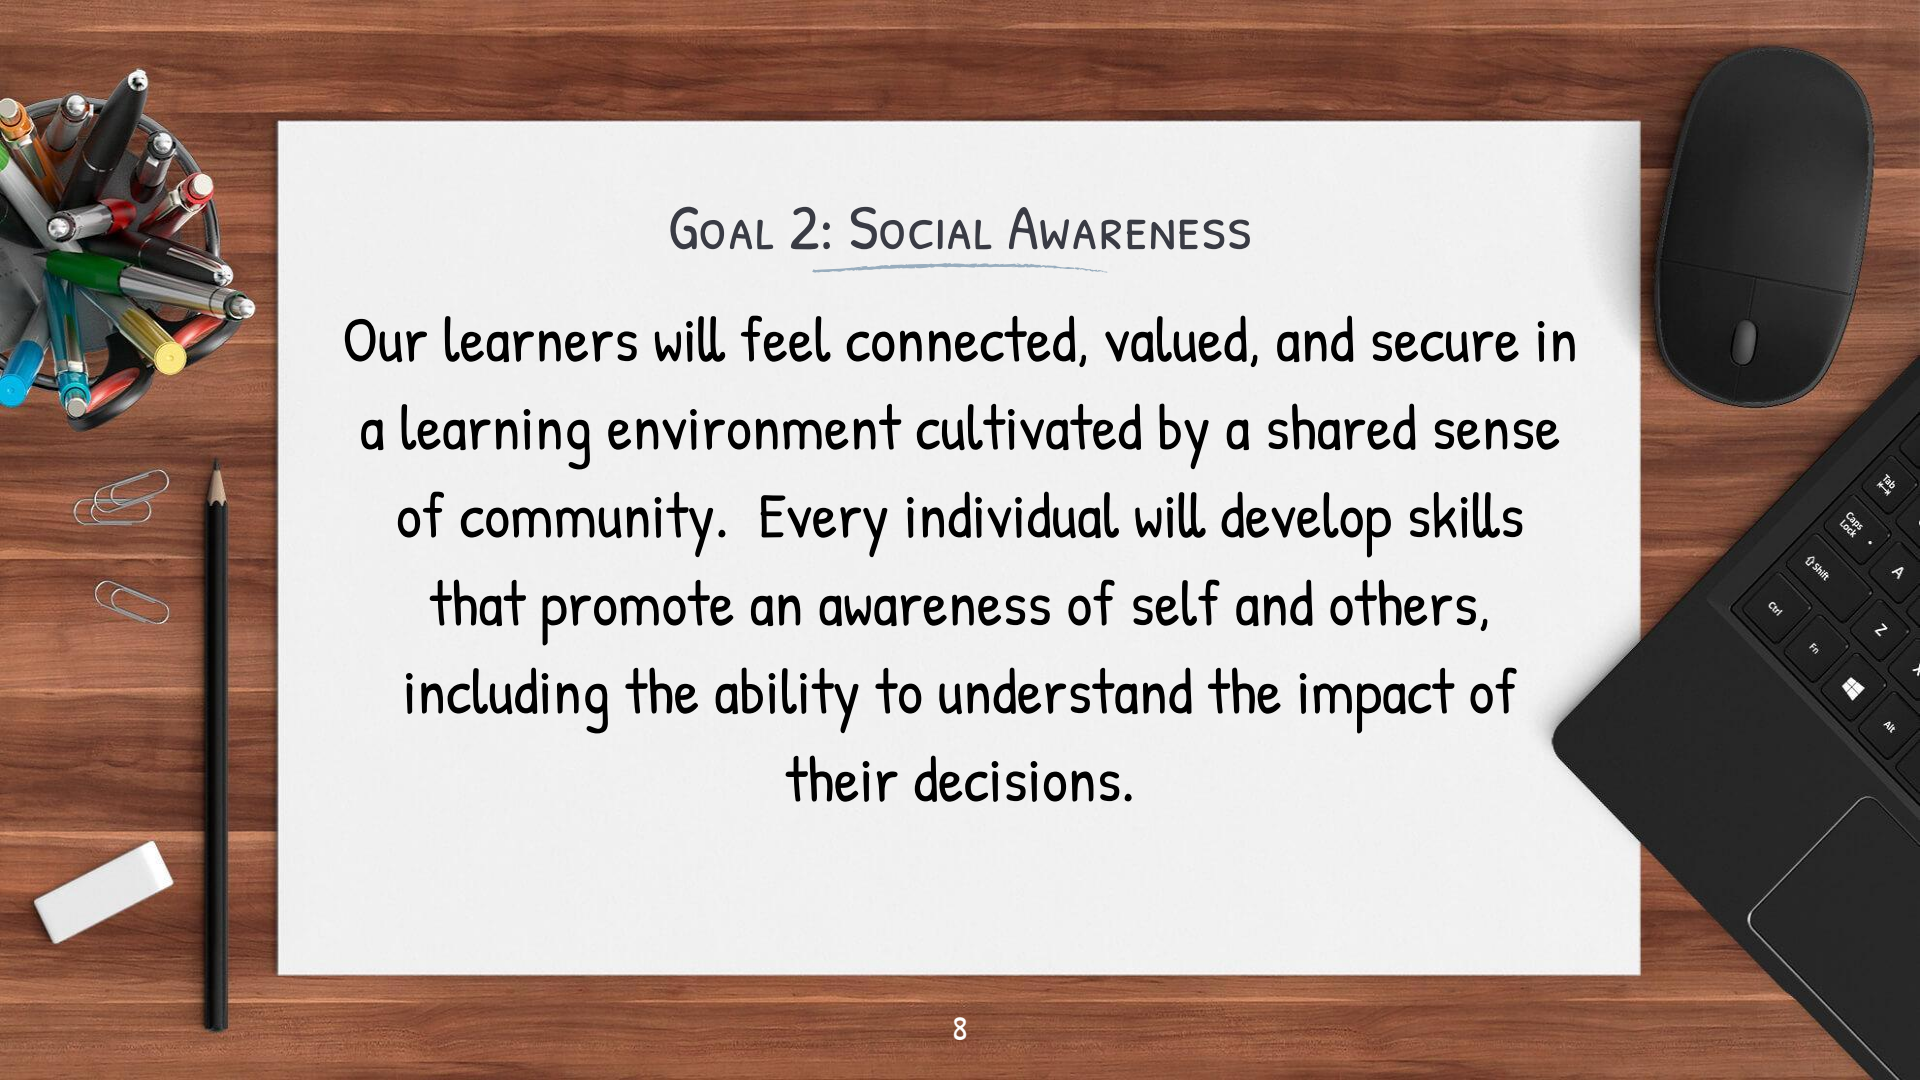

MISSION STATEMENT

We empower members of our community to lead purposeful lives with integrity, to cultivate a spirit of discovery, and to embrace connections in our diverse, global society.

GOAL 1: INQUISITIVE LEARNING

Create and establish an inquiry-based framework that values an interest-driven learning environment. Learners will, individually and collaboratively, focus on identifying, analyzing, and solving problems as inquisitive members of their community.

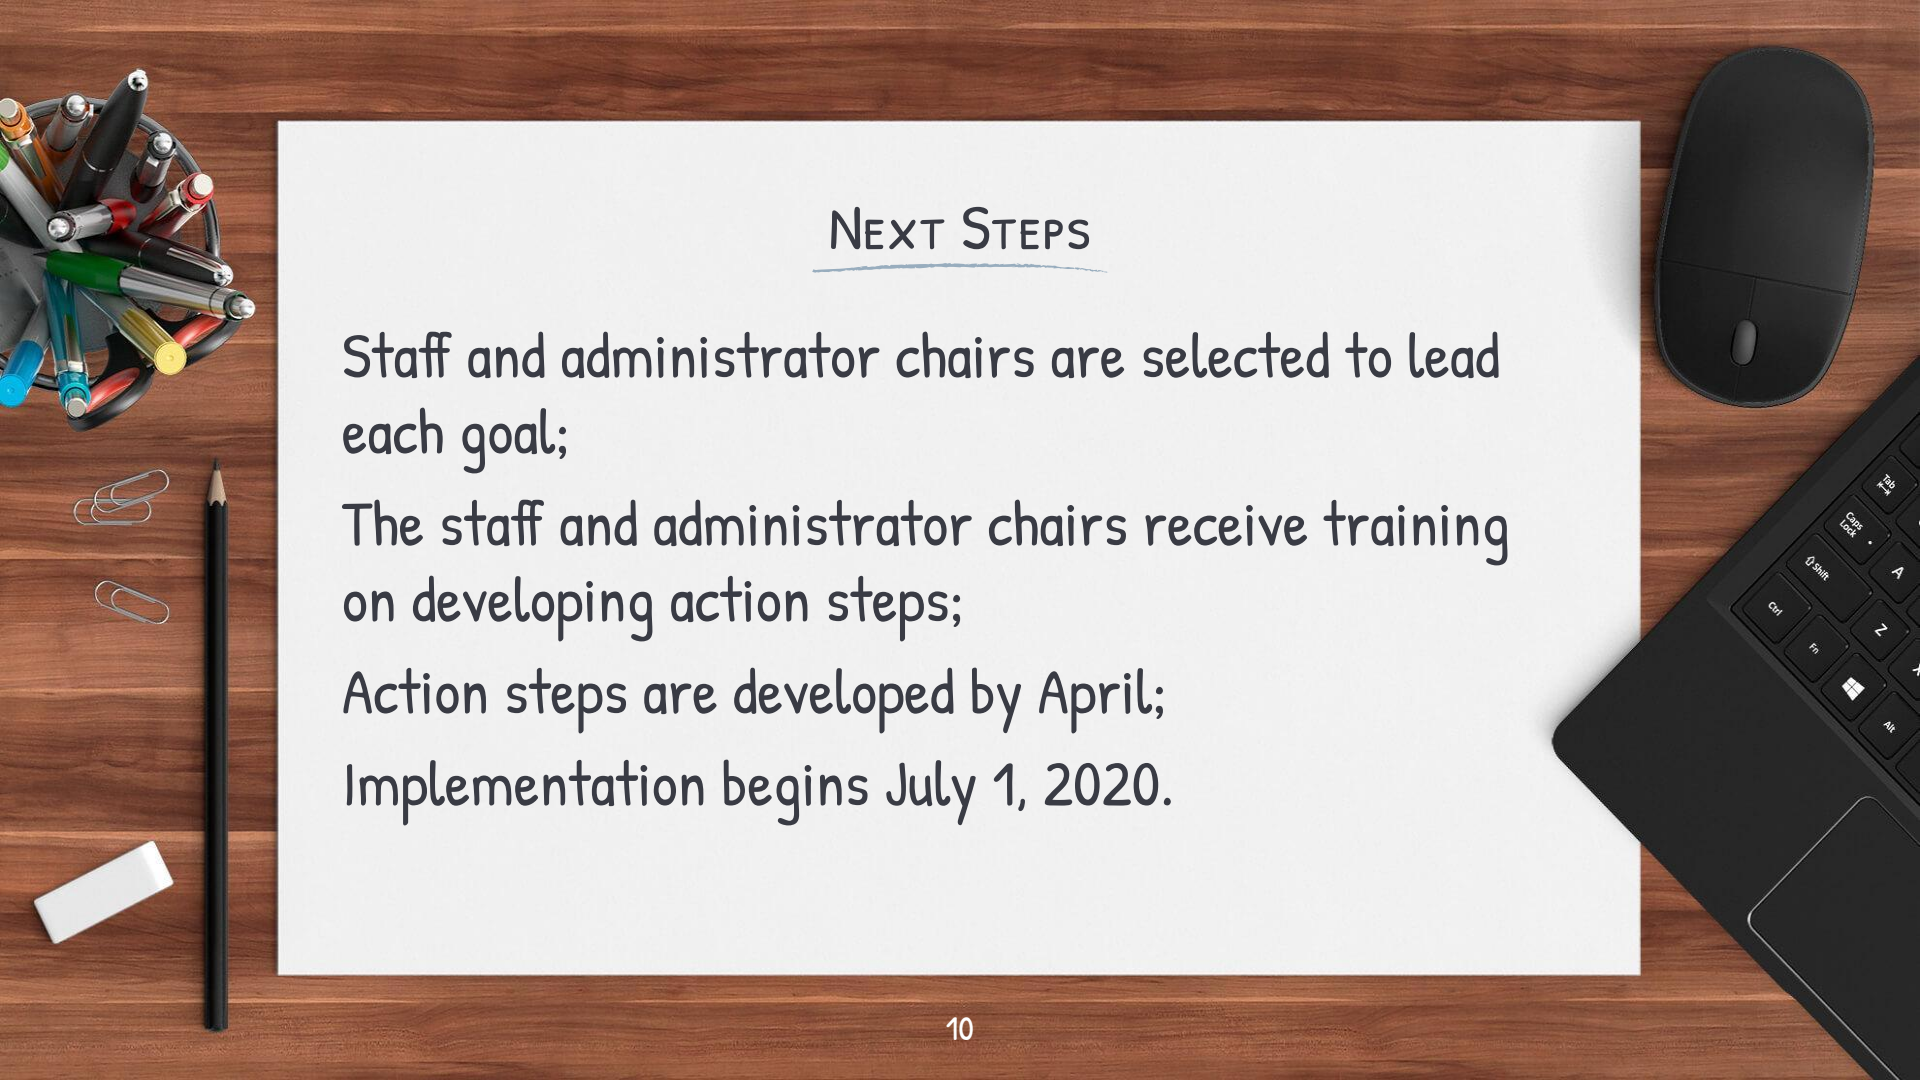

GOAL 2: SOCIAL AWARENESS

Our learners will feel connected, valued, and secure in a learning environment cultivated by a shared sense of community. Every individual will develop skills that promote an awareness of self and others, including the ability to understand the impact of their decisions.

GOAL 3: PARTNERSHIPS

Establish partnerships that foster meaningful educational opportunities on local, regional, and global scales. Prepare all learners to become engaged and productive citizens through service to others, collaboration, and real-world connections.

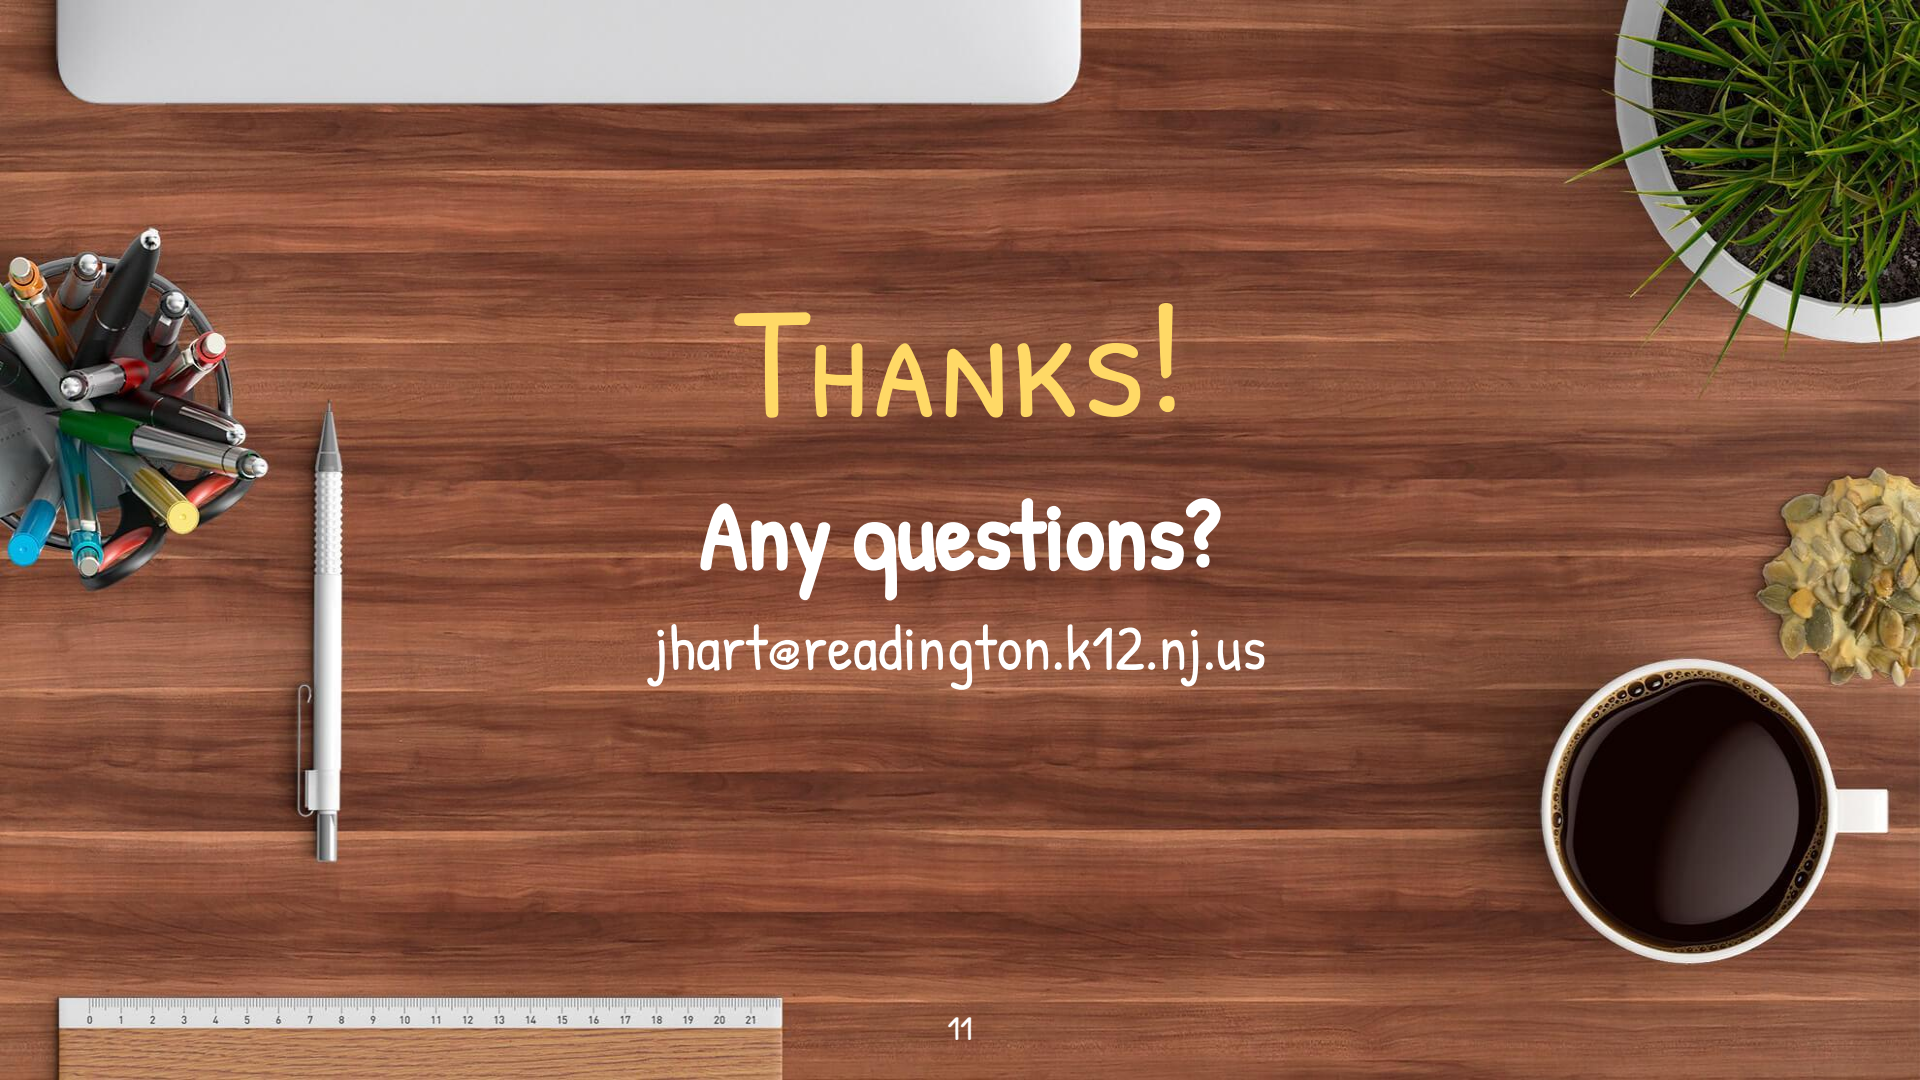

NEXT STEPS

Staff and administrator chairs are selected to lead each goal;

The staff and administrator chairs receive training on developing action steps;

Action steps are developed by April;

Implementation begins July 1, 2020.

THANKS!
