2622 STUDENT ASSESSMENT

The Commissioner of Education shall implement a system and related schedule of Statewide assessments to evaluate student achievement of Core Curriculum Content Standards in accordance with the provisions of N.J.A.C. 6A:8-4.1 et seq. The Board of Education is required to administer the applicable Statewide assessments according to the schedule prescribed by the Commissioner.

State assessments provide parents with important information about their child's progress; detailed diagnostic information about each individual student's performance that educators, parents, and students can utilize to enhance foundational knowledge and student achievement; and include item analysis which will clarify a student's level of knowledge and understanding of a particular subject or area of a subject. The data derived from State assessments will be utilized by teachers and administrators to pinpoint areas of difficulty and customize instruction accordingly. Such data can be accessed and utilized as a student progresses to successive school levels.

The New Jersey Department of Education, pursuant to State law and regulations, requires all students to take State assessments as scheduled. There is no provision for a student to opt-out of Statewide assessments. If a student is absent on a testing date, the student will be expected to take the missed test on another school day. Parents and students will be informed of all scheduled testing dates, including make-up testing dates for students who missed the initial testing date.

Statewide Assessments System

The Superintendent of Schools shall develop and annually present to the Board for its approval an assessment program that complies with the rules of the State Board of Education.

IDLE-FREE SCHOOL ZONES

7471 IDLE-FREE SCHOOL ZONES

The Readington Township Board of Education is committed to the provision of healthy learning and working environments for students and staff. The School Board recognizes that vehicle exhaust fumes contribute pollution to the environment. Unnecessary vehicle idling increases pollution which contributes to adverse effects on the environment and the health of individuals. In addition, it is a proven fact that turning off a vehicle engine rather than idling saves fuel and is not detrimental to the vehicle's operation. The School Board believes that no vehicles should be idling on school property.

The administrative procedures to this policy provide guidelines to reduce the incidence of vehicle idling on school property in the Readington Township School District. All aspects of this policy will conform to requirements found in NJ Statute 7:27-14.2.

1. All School Bus loading zones will be posted as "No Idle Zones" to which school staff and the public are to adhere;
2. Unnecessary idling will be restricted on district-owned, leased or rented vehicles and motorized equipment, and on private vehicles used for school business;
3. Motor vehicles and motorized equipment shall not be permitted to stand unattended without first stopping the engine, locking the ignition and removing the key;
4. Motor vehicles and motorized equipment shall not be permitted to idle in a parked position for a period of more than three (3) minutes;
5. When school bus or other drivers arrive at loading or unloading areas to drop off or pick up passengers, they should turn off their buses/vehicles immediately upon arriving to eliminate idling time and reduce harmful emissions. The school bus/vehicle should not be restarted until it is ready to depart and there is a clear path to exit the pick-up area.
