

DISTRICT GOALS 2019-2020

At the August Leadership meeting, members of the administrative team discussed data and district initiatives for the school year. The result is the following three goals:

District Goal 1:

SEL/Climate and Culture: To build the knowledge and capacity of SEL practices for all staff and students, including climate, culture and behavior, with a focus on integration into academic learning.

- Parent education on SEL
- Continued parent and community outreach
- Review of Code of Conduct K-8
- Professional Development on conscious discipline
- Professional Development on SEL practices integrated into the classroom

District Goal 2:

Academics: Continue to enhance the use of data and resources for the purpose of teacher learning and student academic achievement.

- Use of the Literacy and Math Coach in reviewing data, modeling lessons, suggesting resources, etc.
- Review of grading practices at RMS/HBS
- Professional Development on *LinkIt!* data warehouse software
- Professional Development on the use of new *Ready Classroom* math program
- Professional Development on the use of TC Phonics program

District Goal 3:

Safety and Security: Continue to enhance our safety and security practices, in concert with local authorities, to include all four aspects of the school emergency management process (mitigation, preparedness, response and recovery).

- Feedback on security drills from safety specialist
- Further development of reunification protocols
- Revision of visitor protocols for vestibules
