H.S.A. MINI-GRANT REQUEST FORM

Deadline for Mini-Grant Request is June 5, 2021

Invoices to H.S.A. Treasurer by June 19, 2021

Request Date: 1/12/21 Project Date: all year
 Requested By: Maria Winter
 School / Grade / Subject: HBS 4th and 5th grade intervention
 Curriculum area: Math

Project Description:

Place value is typically a difficult concept for math intervention students in 4th and 5th grade. In particular, the idea of working with a base 10 system in which you multiply or divide by ten depending on which direction you travel on the number line. Digi-Blocks are specially designed boxes that kids assemble to create blocks of 10, 100, and 1000 and even decimals as well.

Educational Objective:

The outcome of the project would be that each intervention student would take a confusing topic and develop it into a more obvious and natural understanding due to the physical nature of the blocks. Since the blocks pack and unpack, students will physically visualize subtracting with borrowing as well as long division. This will benefit the 22 enrolled math intervention students.

Materials Needed:

- (4) sets of decimal blocks
- (4) sets of block-of-100
- (1- 4pk) 3-place counters
- (1) decimal place value mats

NOTE: Please attach additional description if necessary.

Amount Requested: \$512 Payable To: Maria Winter

Principal's Approval: 

NOTE: Please attach all invoices and/or receipts.

For H.S.A. use only:

Staff Supporter: Yes No H.S.A. Approval: Yes No Date: _____
